# New Horizons

The Wellness and Athletic Department toured New Horizons on Tuesday to join hands in impacting the community in a positive way. “New Horizons Learning Center was created in 1997 and classified as a Second Chance School by the Florida Department of Education. That meant we had a unique opportunity to serve a special population of high-risk students. In 1995 the Florida Legislature amended the Dropout Prevention Act and created, in section 230.2316(3), Florida Statutes, the Second Chance Schools Program for students who are severely disruptive, violent, habitually truant, or are adjudicated. Two features of Second Chance Schools differentiated them from traditional schools and alternative education programs.” Gulf Coast Athletic and Wellness Department is blessed to assist New Horizons in their mission.
